PROFESSIONAL SUMMARY

Motivated and detail-oriented Software Developer with a B.Tech in Information Technology and 1 year of hands-on coding experience. Proficient in Python, Java, C, C++, and HTML with a proven ability to design, develop, and deliver software projects. Certified in C, C++, and Java. Passionate about building efficient, scalable solutions and continuously expanding technical expertise.

EDUCATION

Bachelor of Technology (B.Tech) — Information Technology

[University Name], Chennai, Tamil Nadu | Expected Graduation: [Year]

EXPERIENCE

Software Developer (Personal / Academic Projects & Practice)

Self-directed | 1 Year of Coding Experience

- Developed and debugged software applications using Python, Java, C, and C++ across multiple personal and academic projects.
- Applied object-oriented programming (OOP) principles to design modular, reusable code structures.
- Built front-end web interfaces using HTML, focusing on clean structure and usability.
- Collaborated on version-controlled codebases and practised software development best practices.

PROJECTS

Project 1 — [Title] | Python

- Designed and implemented a Python-based application to [describe core functionality]. Applied data structures and algorithms to optimize performance.

Project 2 — [Title] | Java

- Developed a Java application that [describe core functionality]. Implemented OOP design patterns including inheritance and encapsulation.

Project 3 — [Title] | C / C++

- Built a systems-level program using C/C++ focusing on memory management and efficient computation. Demonstrated understanding of low-level programming concepts.

Project 4 — [Title] | HTML / Web

- Created a responsive web interface using HTML, demonstrating front-end development skills and attention to UI structure and layout.

SKILLS

Programming Languages: Python, Java, C, C++

Web Technologies: HTML

Core Concepts: Object-Oriented Programming (OOP), Data Structures, Algorithms

Tools & Practices: Version Control (Git), Software Debugging, Problem Solving

CERTIFICATIONS

- C Programming — Course Completion Certificate
- C++ Programming — Course Completion Certificate
- Java Programming — Course Completion Certificate

Note: Add issuing organization names and completion dates to certifications for stronger ATS matching.
